

PROJECT SECTOR SHEET

Healthcare

LYMINGTON HOSPITAL, NEW FOREST, HAMPSHIRE

RBC was a valued member of the design and build team to create this £30 million state-of-the-art Community Hospital for Hampshire Primary Care Trust. The key developer was Ryhurst Ltd. RBC worked closely with the main contractor Rydon Construction, architects Murphy Philipps, structural engineers Upton McGougan and service engineers Hurly Palmer Flatt.

“The completed hospital is an outstanding building which the Trust and community can be really proud of. It’s an example of how excellent teamwork can really add value and help deliver exceptional results.”

Simon Moore, Director, Rydon Construction

GARSTON NHS TREATMENT CENTRE, LIVERPOOL

RBC was appointed by Galliford Try to provide Building Control expertise for the group’s 20-year framework partnering agreement with Liverpool & Sefton Health Partnership Ltd.

This included construction of the £13.88 million Garston NHS Treatment Centre. The building accommodates doctors’ surgeries, pharmacy, dentistry, audiology and podiatry departments. The Centre was designed by MBLA Architects and is a new landmark in Garston.

“By integrating with both design and construction teams, RBC has made invaluable contributions to each project from an early stage.”

Garry Fannon, Design Manager, Galliford Try Construction

WANDSWORTH ACUTE UNIT, SPRINGFIELD UNIVERSITY HOSPITAL, TOOTING, LONDON

RBC was proud to be part of the team that created this award winning project. The £23 million facility includes an 18-bed acute ward and 10-bed psychiatric intensive care unit.

The facility was designed by MAAP Architects and built for South West London and St George’s Mental Health NHS Trust. It was constructed by Integrated Health Projects, a partnership between Sir Robert McAlpine and Norwest Holst.

The development won Best Project Team of the Year at the Building Better Healthcare Awards and achieved Highly Commended in the Best Mental Health Design.

FURTHER DETAILS OVERLEAF >

MALVERN COMMUNITY HOSPITAL, MALVERN, WORCESTER

Following the approval by the Department of Health and HM Treasury for £17.7 million of capital funding, RBC was appointed to provide Building Control expertise for the construction of this new 24-bed community hospital in Malvern.

Approved by West Midlands Strategic Health Authority, the state-of-the-art hospital was created for NHS Worcestershire and was built by its construction partner, Interserve.

CRYSTAL CENTRE, BROOMFIELD HOSPITAL, CHELMSFORD, ESSEX

RBC was a vital team member for this high-profile project to build a £13 million unit for older adults with mental health issues. The specialist centre houses two 17-bed inpatient wards and 30 day places.

The Crystal Centre is North Essex Partnership NHS Foundation Trust's biggest investment to date. The facility was constructed by Kier Eastern under the ProCure 21 NHS procurement scheme.

More examples within the healthcare (new-build) sector

	Project	Location	Details	Value
	Charnwood Health Centre	Leicester	The centre caters for circa 50,000 patients and provides a range of services. It was built through the Leicester Local Improvement Finance Trust (LIFT).	£12.8m
	Fareham Community Hospital	Salisbury	The hospital was built with materials from renewable sources, meets modern energy efficiency standards and achieved a BREEAM rating of 'excellent'.	£9m
	Stepping Hill Hospital	Stockport	A three-storey extension to the Cardiology and Surgical Unit constructed using a prefabricated modular system, delivered to site and craned into position to reduce the on-site construction time.	£5m
	Speke Health Centre	Liverpool	The new health centre uses a wind turbine and other sustainable installations to provide 20% renewable energy. The development was delivered through Liverpool and Sefton Health Partnership.	£7m
