

The following are examples of projects we have recently completed

Education - New Build

Image kindly provided by John Simpson Architects, London

▶ New Theatre and Modern Language and Divinity Classroom Blocks Eton College, Windsor, Berkshire

Our team were appointed by John Simpson Architects to provide the building control services for the construction of the new £18 million, three storey school rooms in two blocks and lecture theatre building, known as the “Debating Chamber”. Built by Feltham Construction to the exacting standards of the architects, to fit in well with the surrounding listed buildings in the conservation area of this famous college.

▶ Reach Academy Feltham, Middlesex

We provided Approved Inspector Services on this £10 million, new build, five storey school for pupils from Nursery to Year 13, for Kier Construction. Built of Cross Laminated Timber construction, with a Fire Engineered approach to escape and fire fighting facilities. The building includes communal heart spaces, spacious classrooms, high quality Science Labs, a Drama and Dance studio, a series of specific spaces, a Sixth Form Roof Terrace, four court Sports Hall, roof top astro-turf and an Art Studio and a range of Music spaces.

Education - New Build

► The Olive School

Blackburn

We provided Approved Inspector Services on this design and build project for Wates Construction. The new build 630 primary place school includes a covered internal circulation courtyard and provides a vibrant learning environment. The scheme was completed in under 12 months on site and opened in September 2016.
