

The following are examples of projects we have recently completed

## ▶ Aintree Hospital Extension and Redevelopment Liverpool

Architect: IBI Group Contractor: BAM Construction

RBC provided Approved Inspector services on this £16m scheme to remodel and extend the A&E, CCU and HDU departments. Works were carefully phased over a three year period to ensure the continued operation of these vital hospital departments and protect patient welfare.

## ▶ Wrexham Maelor Hospital Modular Theatres and Endoscopy Unit

Wrexham

Design and Build Contractor: MTX

RBC have worked on numerous projects with modular healthcare specialist MTX, throughout England and Wales, to create fast delivery ward space, clinical department extensions and additional operating theatres. The above project provided a new endoscopy unit and twin operating theatres for the hospital and was completed on site in under four months.

Healthcare - New Build

# Healthcare - New Build

## ► Cancer Treatment Centre, Queen Mary Hospital Sidcup, Kent

**Architect:** IBI Group **Contractor:** Arien Contractors Ltd

This £30m new build, state-of-the-art Cancer Centre will be able to provide 16,000 radiotherapy and 4,600 chemotherapy treatments a year, allowing patients to receive treatment close to home rather than having to make the trip to central London. RBC worked alongside the design and construction team to ensure an HTM 05-02 compliant building was delivered on time and the centre opened in early 2017.
