

# The following are examples of projects we have recently completed

Image kindly provided by Balfour Beatty

## ► Newquay Airport Cornwall

Bristow Helicopters Ltd won a £1.6 billion, 10 year contract to operate the UK's Search and Rescue Helicopter Service on behalf of the Maritime and Coastguard Agency. RBC were appointed by Balfour Beatty to provide building control services for this £4.9 million project. The project consists of a new hangar building with internal modular accommodation and associated infrastructure.

## ► Household Separation Plant Ford, West Sussex

RBC were appointed to provide Building Control services for the development of a materials recycling facility together with a visitors centre. The new building is a factory/warehouse, single storey building 6,000m<sup>2</sup> in floor area. The building has a two storey office and visitors centre adjacent to the main entrance. The main factory incorporates a large materials separator plant together with incoming waste storage area and an area for separated recycled materials for transporting off site.

# Industrial & Warehousing

# Industrial & Warehousing

## ▶ Albury Way Newbury

RBC were originally appointed to provide Building Control services for the construction of a production facility. We were then re-appointed a couple of years later when the owners wanted to extend the original building and create an additional warehouse.
