

The following are examples of projects we have recently completed

▶ Thames Valley Science Park

Gateway Building, Reading

RBC were appointed by University of Reading to provide Building Control Services for the £16 million, construction of a three storey office, laboratory and amenity accommodation which included all site infrastructure, parking and landscaping.

Architect: Ryder Architecture

Image supplied by Balfour Beatty

▶ Health & Life Sciences Building

University of Reading

RBC were appointed by the University of Reading to provide Building Control Services for the construction of a new £35 million building on the Whiteknights Campus. The design required a fire engineered solution and we worked alongside the Fire Engineer to achieve this.

RBC worked with Architect, Stride Treglown and Contractor Balfour Beatty to complete this project.

Innovation Centres & Science Parks

Innovation Centres & Science Parks

▶ Rutherford Appleton Laboratory

Oxford

RBC have worked on various projects at the Rutherford Appleton Laboratory, including:

- Appointed by Oxford Architects:
 - a new lift shaft in one of the buildings
 - the development of a new story to an existing plant building
 - Three new floors to an existing building
 - Toilet refurbishment to the core of an existing building
- Appointed by AECOM to provide a new industrial unit
